About the Author

Plato

Plato (428-348 BCE) was a philosopher and mathematician in ancient Greece. A student of Socrates and a teacher of Aristotle, his Academy was one of the first institutions of higher learning in the Western world. He is widely regarded as the father of modern philosophy.

Product Description

Phaedo is one of the most important dialogues written by Plato and remains one of the foundational texts in Western philosophy, offering a profound meditation on life, death, and the immortality of the soul. Through Socrates' final moments and his reflections on death, Plato presents an argument that is both deeply philosophical and spiritually significant. The dialogue invites readers to contemplate the nature of existence and the possibility of an afterlife while encouraging a life devoted to wisdom, virtue, and the purification of the soul.
